THE GLOBAL GOALS

1. No Poverty
2. Zero Hunger
3. Good Health and Well-Being
4. Quality Education
5. Gender Equality
6. Clean Water and Sanitation
7. Affordable and Clean Energy
8. Decent Work and Economic Growth
9. Industry, Innovation and Infrastructure
10. Reduced Inequalities
11. Sustainable Cities and Communities
12. Responsible Consumption and Production
13. Climate Action
14. Life Below Water
15. Life on Land
16. Peace, Justice and Strong Institutions
17. Partnerships for the Goals
THE TRILLION DOLLAR OPPORTUNITY OF OUR ERA

The 2030 Sustainable Development Goals (Global Goals) launched by the United Nations in 2015 represent an unprecedented opportunity. Through them we can end extreme poverty, address inequality, resolve climate change and improve the health of people and the planet.

In short, meeting the Goals will create a better world for present and future generations.
The impact and implications of the digital revolution are becoming more evident with each passing hour. The 2030 Agenda for Sustainable Development recognizes the great potential of global connectivity to spur human progress.
2030Vision is about technology that benefits billions more people and supports the 2030 Global Goals. Working together we can help improve lives and livelihoods across the globe.

SOFTBANK GROUP
INVITED SPEAKER
IT’S ALSO THE GREATEST BUSINESS OPPORTUNITY OF OUR TIME

Valued at up to $12tn by 2030

With the potential to create 380m jobs

Now is the time to act
Achieving the Goals and unlocking the commercial potential will only be possible through:

1. A concerted effort by Governments, NGOs, academia and the private sector
2. The full-scale deployment of connected technology: The Internet of Things, AI, next generation computing – the potential for impact is boundless
3. New collaborations within and across sectors

2030Vision is such a collaboration. It’s a unique, unprecedented and exciting initiative founded to propel technology forward in pursuit of the Goals at the scale we need
THE PURPOSE OF 2030VISION

2030Vision is designed to foster:

COLLABORATION
To enable understanding of the need and role of technology

INNOVATION
In the design and deployment of technology

IMPLEMENTATION
Through new partnerships across the globe
The Royal Society regularly hosts Nobel Prize winners, Prime Ministers, CEOs and renowned actors and broadcasters. It is one of the most prestigious venues in London.
